

THE ASSOCIATION OF CHRISTIAN
SCHOOLS INTERNATIONAL

ACSI strives to enable and equip Christian educators and schools worldwide to effectively educate children and young people with the mind of Christ.

To this end, ACSI seeks to equip schools for greater effectiveness year after year. ACSI offers many programs and services to enrich the teaching. They believe that schools can increasingly achieve their vibrant mission as their operational practices grow in excellence.

NORTH CENTRAL ASSOCIATION accredits a range of schools from pre-kindergarten through post-secondary. Benefits of NCA Accreditation:

- A Mark of Excellence
- A Proven Process for Increasing Student Performance
- Transfer of Credits
- Access to Programs and Scholarships
- A Vehicle to Meet State and Federal Requirements

TULSA COMMUNITY COLLEGE

MVCS was one of the first schools in the Tulsa area to implement a new program with Tulsa Community College whereby a student is instructed by a MVCS faculty member during our school day using TCC curriculum. The student can receive college credit from TCC along with high school credit. Dave Matthews, a MVCS parent and TCC instructor, was instrumental in building this relationship.

FACULTY & STAFF. The faculty and staff at MVCS are dedicated to fulfilling our mission and will model Christ in their faith, commitment, relationships, and leadership.

We seek to increase students' intellectual development through Christian faculty who model rigorous Christian minds through their teaching and leading. We also align ourselves with organizations that are college-preparatory in nature.
